Welcome to Biography Films. We create cinematic biographies for people like you.

If you haven't noticed, we are in the middle of launching our new website. Check back shortly as we are in the process of adding updated information about our personal biography packages and our company. In addition, this new site will display current specials, samples from our films, and articles about personal biographies.

If you have any questions or comments, feel free to contact us.

p.s. We want to thank everyone who has been supportive of Biography Films during these last few years. Without the help and patience of our wonderful clients, families, and friends we would not be where we are now, embarking on a new and successful phase in the history of the company.
